A primeira vez que eu vi São Paulo

Da primeira vez que eu vim São Paulo

Fiquei um tempão parado

Fiquei um tempão parado

Esperando que o povo parasse

Esperando que o povo parasse

Enquanto apreciava a pressa da cidade

A praia de Iracema

Veio toda em minha mente

Me banhando da saudade

Me afogando na multidão

Eu vim São Paulo

Se afogando na multidão

Eu vi São Paulo

Janeiro e nada

Fevereiro e nada

Marçabril e água grande despencou

Um aviso de chuva me chamou

Marçabril e água grande despencou

Um aviso de chuva me chamou

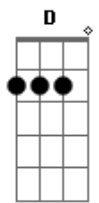

Adeus São Paulo

Está chovendo pras bandas de lá

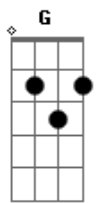

Também estou com pressa

Está chovendo pras bandas de lá
