

Ednardo - Flora

Tom: C

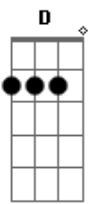

Se eu pudesse pensar em ti
 Sem vontade de querer chorar
 Sem pensar em querer morrer
 Nem pensar em querer voltar
 Essa dor que eu sinto agora
 É uma dor que não tem nome
 Que o meu peito devora e come
 E fere e maltrata, sem matar

No roçado do meu coração
 Há um tempo de plantar saudade
 Há um tempo de colher lembrança
 Pra depois com o tempo chorar
 Ô Flora, meu sertão florindo
 Aflora o meu peito só
 Teu amor é um fogo, é um fogo
 É um fogo, é um fogo
 Dos teus olhos tição
