

# Eduardo Bertozzi - Love For The First Time

tom:

Intro: C Am Em  
C Am G

[Primeira Parte]

Finally it's winter

My heart is splintering

I just wanna tell you how I'll love you and how I'll miss you

I don't care how it ends

As long as I am with you

'Cause stars will bright and the love will fly

[Refrão]

So please don't go

You're gonna be my girl

Don't forget my name

'Cause I won't let you go

Won't let you go

( C Am Em )

( C Am Em )

[Segunda Parte]

She said it will be okay

But I know that I won't

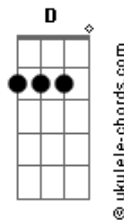

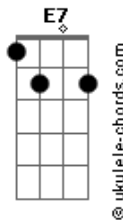

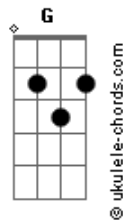

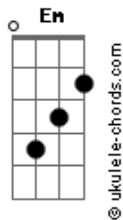

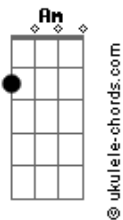

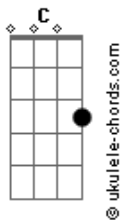

I just want to stay with you

And the reason that I want

To know where you belong

Is simply that I will love you
