

Eduardo Costa - Exemplo Das Paixões

Tom: C
Intro: F Em Dm Am F Em Dm E

No papel de cada louco ^{Am}, eu sou louco por você ^G
 Passo no vermelho dos faróis
 Ando em corda bamba, pra te ver

No seu beijo eu viro fera, ou um frágil beija-flor ^G
 Desço das montanhas feito pedras
 Pra ganhar o seu amor

Mas se eu te perder pobre de mim
 Vou me transformar num ser qualquer
 Porque aprendi amar você

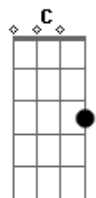

E não vou amar outra mulher

Uma paixão ^A assim, É pra enfeitar o céu ^{Gbm}
 Pra iluminar o sol, Gritar nas multidões ^{Bm}
 E o nosso amor será, o exemplo das paixões ^E

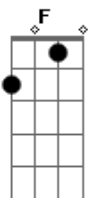

Uma paixão ^A assim, Deus vai abençoar ^{Gbm}
 E os anjos vão cantar, em todas as canções ^{Bm}
 E o nosso amor será
 O amor maior de todas as paixões

Eu e você, ^C sonho no olhar ^{Dm}
 Se eu quero ser feliz, ^E É só você me amar ^{Am}
 (F Em Dm E)
