

# Eduardo Costa - Exemplo Das Paixões

Tom: C  
Intro: F Em Dm Am F Em Dm E

No papel de cada louco <sup>Am</sup>, eu sou louco por você <sup>G</sup>  
 Passo no vermelho dos faróis  
 Ando em corda bamba, pra te ver

No seu beijo eu viro fera, ou um frágil beija-flor <sup>G</sup>  
 Desço das montanhas feito pedras  
 Pra ganhar o seu amor

Mas se eu te perder pobre de mim  
 Vou me transformar num ser qualquer <sup>Am</sup>  
 Porque aprendi amar você <sup>Dm</sup>

E não vou amar outra mulher

Uma paixão <sup>A</sup> assim, É pra enfeitar o céu <sup>Gbm</sup>  
 Pra iluminar o sol, Gritar nas multidões <sup>Bm</sup>  
 E o nosso amor será, o exemplo das paixões <sup>E</sup>

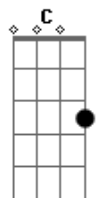

Uma paixão <sup>A</sup> assim, Deus vai abençoar <sup>Gbm</sup>  
 E os anjos vão cantar, em todas as canções <sup>Bm</sup>  
 E o nosso amor será

O amor maior de todas as paixões

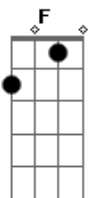

Eu e você, <sup>C</sup> sonho no olhar <sup>Dm</sup>  
 Se eu quero ser feliz, <sup>E</sup> É só você me amar <sup>Am</sup>

( F Em Dm E )
