

Edward Cliff - I'll Never Walk Alone Again

Tom: D

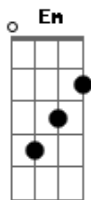

I can remember that summer day
 When we said goodbye
 Because I need you this time more
 To find my way
 I have been alone in my life
 You have been alone
 I don't know where
 I can remember every time we loved
 How much love we gave

And when i'm walking
 In the rain by your side
 Like a blind I go
 There is a fog around me
 And I'm feeling cold
 I see a shadow on the bridge
 It's like your face
 But when I get near
 Anybody there
 One day I'll find your hands
 And after I'll never walk alone again
