tom:

A

[Primeira Parte]

A  
I've seen better days, dripping down your face

Bm  
We don't have to talk, let's dance

For all the times you felt alone

Bm  
Dreaming better, I see better

A  
Better Days

A Bm  
Too dumb to say goodbye that's some cliché shit

Make me wanna cry

E Bm  
Just know that every time I look in your eye, I see better, I see better

A  
Better days

[Refrão]

D A E  
Try to remember, that you can't forget

D A E  
Down with history, up with your head

D A E  
For sweet tomorrow, she never fell from grace

D A E  
We might still know sorrow but we got better days

[Segunda Parte]

A  
I seen better ways, some won't believe

Bm  
But I don't need much more than faith

Dreaming better, dreaming better, better ways

Too dumb to say goodbye, now that's some give up shit, make me wanna cry

E Bm  
Just know that every time I look in your eye, I see better, I see better

A  
Better days

[Refrão]

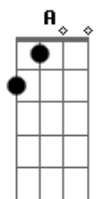

D A E  
Try to remember, that you can't forget

Down with history, up with your head

For sweet tomorrow, she never fell from grace

We might still know sorrow but we got better days
