

# Eels - Lucky Day In Hell

Album: Screm 2 Soundtrack  
Tabbed: Rattman

This is one of the few songs with very little guitar playing in it that sounds cool. This band reminds me of Beck alot. This tab may be a bit off, i think maybe they play in dropped D tuning but this is standard tuning and sounds good with the recording.

Lyrics:

Mamma gripped on to the milkmans hand  
then she finally gave birth  
years go by and still i dont know  
who shall inherit this earth  
and no one will know my name until its on a stone  
whoa

this could be your lucky day  
in hell  
never know who it could be  
at your doorbell  
in hell  
this could be your lucky day  
in hell

Waking up with an ugly face  
winston churchill in drag  
looking forward to eternal imbrace  
or just a tired old gag  
am i just a walking bag of chewed up dust and bones  
whoa

this could be your lucky day  
in hell  
never know who it could be  
at your doorbell  
in hell  
this could be your lucky day  
in hell  
in hell

father teresa you cant make me into you  
i never wanna be like you  
why cant you see  
its me  
you've got to let me go

this could be your lucky day  
in hell  
never know who it could be  
at your doorbell

in hell  
this could be your lucky day  
in hell  
in hell
