

Eels - Not Ready Yet

Tom: **D**

Tabbed: Mark Lynch

Any additions/corrections let me know.

Capo 7th Fret (kinda awkward without it!)

This is the intro riff, but it's played through most of the song. I'm not sure what the chords being played are but **Em Bm D** seems to work.

A very rough jab at the solo

there's a world outside
and i know 'cause i've heard talk

in my sweetest dream
i would go out for a walk

but i don't think i'm ready yet
i'm not feeling up to it now
just not that steady yet
and i don't need you telling me how

there's some happiness
and my stone face cracks again
maybe sometime sooner or later

but i don't think i'm ready yet
i'm not feeling up to it now
just not that steady yet
and i don't need you telling me how

so if i leave my room
don't you tell me to lighten up
maybe sometime sooner or later

but i don't think i'm ready yet
i'm not feeling up to it now
just not that steady yet
and i don't need you telling me how
