

Eels - Souljacker Part 1

Tom: **G**

Album: Souljacker
Tabbed by Dermmy McAreavy

So far the tabs for this have been accurate enough, alas, they fail to realise that it's all chords, not a riff. So with furthur ado (ado ado ado ado) here's my version of this

nice little tune

And if you listen to the song, you'll see how these all fit together like a wonderful jigsaw. There's a solo that's pretty good, but too wild for me to tab. So be happy and enjoy.
