

# Effe 5 - Waiting Your Love (instrumental)

tom: G

We live in a bad place  
 I can see in your eyes  
 The sorrow in your face  
 Between true and lies

You don't say that you love me  
 So send me a clue  
 Say many things  
 But say me the true  
 You meke me feel alone  
 I missed your love  
 I'm not sayning a lie

But i want to be the one  
 Waiting your love

You can think  
 That i'm a liar  
 But my love to you  
 It's true

I really love you  
 But you don't belive me  
 And i stay waiting your love  
 Waiting you say I love you

Waiting your love  
 Waiting your love  
 Waiting your love
