

Elba Ramalho - Aquarela Nordestina

tom:

Am

Intro: Dm7 Am7 E7 Em7 A7
Dm7 Am7 E7 Am7 E7

No Nordeste imenso, quando o sol calcina a terra

Não se vê uma folha verde na baixa ou na serra

Juriti não suspira, inhambú seu canto encerra

Não se vê uma folha verde na baixa ou na serra

Acauã, bem no alto do pau-ferro, canta forte

Como que reclamando nossa falta de sorte

Asa branca, sedenta, vai chegando na bebida

Não tem água a lagoa, já está ressequida

E o sol vai queimando o brejo

O sertão, cariri e agreste

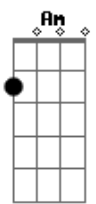

Ai, ai, meu Deus

Tenha pena do Nordeste
