

Elect Worship - Redemption

tom:

Intro: Bm G D A

Oh how to face

Such a cross

Where my debt

You paid it all

They struck your face

And stripped your robe

All that sacrifice so

You could save my soul

And when I fall

There is redemption

I'm reliant on your grace

Undeservant of your mercy

But your love remains the same

I could never make it up

With how good you've been to me

So I'll stay here in this moment

Bowed before you on my knees

From grace I sing

That I am His

You are Lord

You are Lord

My past and shame

Is washed away

I am yours

I am yours

I jump and shout

There's freedom now

By your blood

By your blood

With joy and praise

We lift His name

Jesus

Your only son
