Cause you ain't got no one else to use
Am         G          F                    F  G
There's an open road that leads no where
Am         G          F                    F  G
So just make some miles between here and there

Hit some gold, too hot to settle down

But a fool and his money soon go separate ways

Ha ha woman, what you gonna do
