

Electric President - Safe & Sound

tom:
 [intro] C
 You took your hits with the bruises on the soles of
 Your feet
 Well who's to say if they're deserved?
 But you're turning reckless now
 I heard you saying through your teeth, that you'll take
 Them down first
 But I saw you flinch, when the doctors got the claws in
 You
 I saw your smile start to crack
 It's not so funny when you're sunk and there ain't
 Nothing you can do
 And your options are all dead ends
 But there's no way out
 I'll let you build your home with me till the clocks
 Run down
 When your looks run out
 Call me and I will come and fix you get your feet on
 The ground
 When there's no way out
 Call me and I will come and bury you all safe and sound

 And all this time you've been drifting out with the

G
 Tide my friend
 But you can have what's mine if it helps you stay
 Afloat
 If I close my eyes I can't watch you drown anymore my
 Friend
 But I'll tell you lies if it helps you sleep at night
 And the more we fight, the more we don't get right
 And the more we fight, the more we don't get right
 Heard they broke you
 That you gave in
 That you dropped
 And the fight had left you
 But don't you worry
 Makes no difference
 From the start
 Your options were all dead ends
 When there's no way out
 I'll let you build your home with me untill the clocks
 Run down
 When your luck's run out
 Call me and I will come and fix you get your feet on
 The ground
 When there's no way out
 Call me and I will come and bury you all safe and sound
