

# Electric President - Safe & Sound

tom:  
 [intro] C  
 You took your hits with the bruises on the soles of  
 Your feet  
 Well who's to say if they're deserved?  
 But you're turning reckless now  
 I heard you saying through your teeth, that you'll take  
 Them down first  
 But I saw you flinch, when the doctors got the claws in  
 You  
 I saw your smile start to crack  
 It's not so funny when you're sunk and there ain't  
 Nothing you can do  
 And your options are all dead ends  
 But there's no way out  
 I'll let you build your home with me till the clocks  
 Run down  
 When your looks run out  
 Call me and I will come and fix you get your feet on  
 The ground  
 When there's no way out  
 Call me and I will come and bury you all safe and sound

 ( G )  
 And all this time you've been drifting out with the

G  
 Tide my friend  
 But you can have what's mine if it helps you stay  
 Afloat  
 If I close my eyes I can't watch you drown anymore my  
 Friend  
 But I'll tell you lies if it helps you sleep at night  
 And the more we fight, the more we don't get right  
 And the more we fight, the more we don't get right  
 Heard they broke you  
 That you gave in  
 That you dropped  
 And the fight had left you  
 But don't you worry  
 Makes no difference  
 From the start  
 Your options were all dead ends  
 When there's no way out  
 I'll let you build your home with me untill the clocks  
 Run down  
 When your luck's run out  
 Call me and I will come and fix you get your feet on  
 The ground  
 When there's no way out  
 Call me and I will come and bury you all safe and sound
