Intro: Dm F Gm A 4X

Hey take a look at your way

You will see life is passing by

And a world you can't deny

Hate will no longer change

Can't you see what done is done

You can't change what you've become

And now you can't stand the pain

What you've fixed now is broken

By the words you'd never spoken

And then, and then you feel so alone

By the promises you couldn't keep

you've made inside your mind

Wait and count with the fate

All your world is falling down

And you can't see all around

You wait, and till now you're waiting

And you just can't change your mind

Then you have become so blind

And you cry

As you ask yourself why the pain is so Strong

By remind the times we spent together

Cry, and remind that dream in fact is a lie, lie

(refrão)

And now you can't stand the pain

What you've fixed now is broken

By the words you'd never spoken

And then, and then you feel so alone

By the promises you couldn't keep

As you've made inside a deep black hole

Solo: Dm F Dm F Gm F Gm A D
