

Ellie Goulding - Animal

Tom: G

Em
I'll show you all of the places I'm dreaming of.
Em
I'll take you to the Ocean, I'll bring the Sun
Em
We are seventeen, we are just begun...
Em
I have loved a five four and then some
C
but you are the one, the one, the one, the one
A
The one, the one, the one, the one
Em
Wake up in the morning, we're paralysed...
Em
We'll fly into the garden like butterflies
Em
There will be no blood and there'll be no pain
Em
I want to fall in love with you again again again
C **A**
Again, again, again, again, again, again, again, again
C
You have stolen all my senses
D
There's a fever in my heart
Em
and you are taking my defences
G
You are pulling me apart

C
Forever we're young and we are dying
D
and will spill all our blood
Em
So I will take away my feelings
G
I will be an animal
C **D** **Em** **A**
An animal, an animal

Same as above for the second verse/chorus

I'll tie you in my arms, I will smother you
We'll tell each other lies
like we tell the truth
I'll colour in the sky and I'll colour you
I want to draw on your skin
again again again

Chorus
C **D** **Em** **G**
We will run away from danger
C **D** **Em** **A**
We will run away

Em

Chorus
C **A** **Em**
An animal
