

# Ellie Goulding - Believe Me

Tom: G  
Intro: G D Em C (x2)

Verse 1:

G  
Listen,  
D Em C  
I can hear a voice,  
G  
I need a helping hand,  
D Em C  
just to beat the void.  
G  
I need a mission,  
D  
a dream to stop me talking to myself  
Em  
and now the silence is broken  
C  
and my soul is to sell  
G  
I need to pick up the pieces,  
D  
to scatter to the wind  
Em  
hold the city to your ears  
C  
and you can hear the wind come in.

Chorus:

Em G  
But you can't change the world with a song  
Em G  
and you can't make it right when it's wrong.  
G D Em  
I cannot stop this music travelling round with me wherever I  
go,  
C  
it's playing for you.  
G D Em  
I cannot stop the voice unravelling round me whatever I do,  
C  
it's talking to you.  
G D  
The world dances to the rhythm of its own  
Em C  
heart beating for you, however you lose.  
G D  
So speak to me  
Em C  
believe, believe, believe me.

Verse 2:

G D Em C  
Don't let it slip, through your fingertips.  
G D  
When there's a ghost,  
Em C  
don't try to reason with it.  
G  
Because now I'm tired, I'm wired,  
D  
so I will not miss a thing.  
Em

I rope my words out to dry  
C  
and I've forgotten what to sing

Chorus:

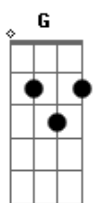

Em G  
But you can't change the world with a song  
Em G  
and you can't make it right when it's wrong.  
G D Em  
I cannot stop this music travelling round with me wherever I  
go,  
C  
it's playing for you.  
G D Em  
I cannot stop the voice unravelling round me whatever I do,  
C  
it's talking to you.  
G D  
The world dances to the rhythm of its own  
Em C  
heart beating for you, however you lose.  
G D  
So speak to me  
Em C  
believe, believe, believe me.

Bridge:

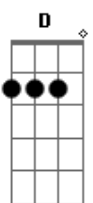

G D  
If that's what it was to you,  
Em C  
then that's what it was to me.  
G D  
If that's what it was to you,  
Em C  
then that's what it was to me.  
G D  
If that's what it was to you,  
Em C  
then that's what it was to me.  
Chorus:

Em G  
But you can't change the world with a song  
Em G  
and you can't make it right when it's wrong.  
G D Em  
I cannot stop this music travelling round with me wherever I  
go,  
C  
it's playing for you.  
G D Em  
I cannot stop the voice unravelling round me whatever I do,  
C  
it's talking to you.  
G D  
The world dances to the rhythm of its own  
Em C  
heart beating for you, however you lose.  
G D  
So speak to me  
Em C  
believe, believe, believe me.  
Em C  
believe, believe, believe me.
