Tom: F

(com acordes na forma de E )  
Capostrate na 1ª casa

**Dbm A**  
You wake up and you know it's time to go  
**Dbm A**  
With spending heads i lie on what you smoke  
**Dbm A**  
Chase the hands on the wall, can hold you close  
**Ab B**  
This misery is weightless as a stone.

**Dbm A**  
Have you lost the same things i have lost?  
**Dbm A**  
Do you know that panic i know?!  
**Dbm A**  
Would i see the terror in your eyes  
**Ab B**  
Did you know that fever i know?!

**A B Dbm**  
I wish time was still,  
**A B Dbm**  
We'd stay right here  
**Dbm A**  
With time to keep  
**E B A**  
In our hearts without chains.

**A B Dbm**  
And if time was still  
**A B Dbm**  
We'd have no fear,  
**Dbm A**  
Or scars to heal  
**E B A**  
In our hearts without chains  
**E B A ( Abm )**  
In our hearts without chains

**Dbm A**  
You left everything behind except yourself  
**Dbm A**  
And all i see these question marks nothing else  
**Dbm A**  
You must have landed in new york by now  
**Db B**  
Please don't bring this love down

**Dbm A**  
And have you lost the same things i have lost?  
**Dbm A**

Do you know the panic? i know  
**Dbm A**  
And would i see the terror in your face  
**Ab B**  
Do you know that fever why no?

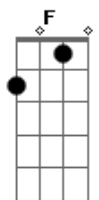

**A B Dbm**  
I wish time was still,  
**A B Dbm**  
We'd stay right here  
**Dbm A**  
With time to keep  
**E B A**  
In our hearts without chains.

**A B Dbm**  
And if time was still  
**A B Dbm**  
We'd have no fear,  
**Dbm A**  
Or scars to heal  
**E B A**  
In our hearts without chains
