

Elliot Greer - I Bought a Honda

tom:

G

[Primeira Parte]

G D
We were hiding in your Honda
G Em C
It hadn't stormed that hard in years
G D
It was last time that i saw ya
G Em C
The rain on my face hid my tears

G D
You got engaged to Adam
Em C
I kinda hoped he'd take my place
G D
I bet your dad was relieved it happened
Em C
And I hope you're happy, but just in case

[Refrão]

G
If you ever find that you've given up
D
You've made a mistake or you're just out of luck
Em
We could go right back to that night
C
Only this time do things right

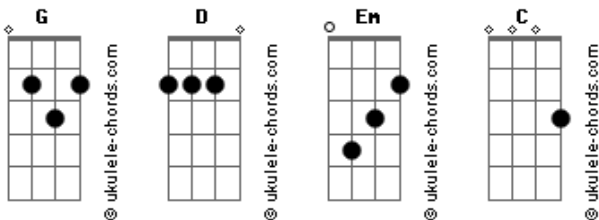

G
I know they say don't revisit the past
D
But, honey, I just didn't know what i had
Em
I don't drive as much as I used to
C G D
But I bought a Honda to remind me of you

[Segunda Parte]

G D
Six months into New York City
Em C
You mailed a box with all my stuff
G D
It just sits there in the corner
Em C
Never had the guts to open up

[Terceira Parte]

G
I miss us driving through the middle of the night
D
Your hand gripping my leg so tight
Em
Always trying to outrun the moonlight
C
For one more second baby by your side

G
I should have told you i was leaving next day
D
But i guess you knew as i drove away
Em
You paused like you had something to say
C
But you just nodded, babe
