

# Elliott Smith - See You Later

tom:  
 You got a choke chain  
 Made out of nightrain  
 To keep your memory down  
 In quicksand from the main man  
 To drown everything out  
 We were out on a joyride  
 Fucked up from inside  
 Always at a dead stall  
 From sticking pins in a miniature man  
 Who can't feel it at all  
  
 See you later  
 See you later  
 See you later  
 If I see you at all  
 See you later  
  
 Walk through thick mud  
 Looking for new blood  
 Thinking I heard your name
