Hear you scratch your skin

Your sandpaper throat  
G C  
You're a symphony, man, with one fucking note

How they beat you up week after week  
G C  
And when you grow up you're going to be a freak

Want a violent girl who's not scared of anything

You better call your mom she's out looking for you

In the jail and the army and the hospital too  
G B F  
But those people there couldn't do anything for you  
( Bb F G )
