tom:

Em

[Primeira Parte]

Em D  
How can I say what I wanna say  
Bm C  
Never learned how to really speak my mind  
Em D  
Let me get a word in, I  
Bm C Em  
Guess my brain doesn't think I should try

How do I say what I'm tryna say

When I can't even look you in the eye?

[Segunda Parte]

This is difficult  
Bm C D  
Wanna be your pretty baby, centerfold (I don't know)  
I sound delusional  
Bm C  
But when we kissed you gave an inch, I took a mile

[Pré-Refrão]

Em D Bm C  
And I see you when I sleep, please don't hate me  
Em D Bm C  
If I bring this to the light, am I crazy?

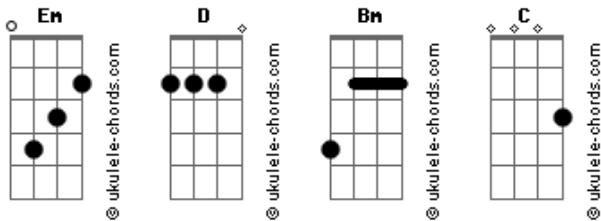

[Refrão]

Em C Bm  
Think I might be feeling something bad  
Em C Bm  
Do I want it bad enough to ask?  
Em C Bm  
Maybe my obsessions drive me mad  
Em C Bm  
Think I might be feeling something bad

Making me sick and my stomach hurts

Grab my hand, I don't wanna let go
