Tom: **Db**
Intro: **Bbm Gb Ab** (OCTAVES: **Ab Ab Bb Db Eb**)

Bbm Gb
Oh, I'm a dark diamond
Ab Db Fm
I've turned hard and cold

Once was a jewel with fire in my soul
Bbm Gb
There's two sides of a mirror
Ab Db Fm
One I couldn't break through
Bbm Ebm7 Fm
Stayed trapped on the inside, wound up losing you

Db
Tell me how does it work
Db Db Gb
How do you make things fit
Fm Bbm
Spent all my life trying to get it right
Ebm7 Ab
I've put it together and it falls apart
Db Db Db Gb
I thought to myself I might understand
Fm
But when the wall's built
Bbm Ebm7

And the heart hardens
Ab (**Db Bbm Ebm7 Ab**)
You get a dark diamond
(**Bbm Gb Ebm7 Ab**)
Dark diamond
Oh, I'm a dark diamond
But you're something else
You read me more than I read myself
The one star I could count on
Only comet I could trust
You burnt through my life to the true meaning of love

(CHORUS)
Bbm Gb Ab Db Fm
