

Elton John - Hard Luck Story

Tom: C

C C C C Bb F (REPEAT ABOUT 4x)

Am
Sometimes I think I'm going crazy

Dm
Staring at the same four walls

C **G** **F**
Waiting for the working day to end

Am
Then I get home so wasted, worn out

Dm
I curse at you and tell you

C **G** **F**
How I've done the work of ten to fifteen men

F7
How I've struggled for my money

F7 **Am**
Sweated blood to get us by, yeah

F7
Well I'm tired of it honey

F7 **Dm** **E**
Think I'm gonna have to leave here for a while

C Bb F C Bb F

Am
I never seem to look at you

Dm
And see that somewhere underneath

C **G** **F**
A pair of tired eyes are crying out

Am
Well you know I work hard all day long

Dm
Let me kiss you once with meaning

C **G** **F**
Just to kill this nagging doubt

F7
Well you don't deny I do you proud

Am
And you expect me to be tired

F7
You say there's no future in our lives

D **E**
While I persist I'm putting out the fire
Cm **F** **F**
