

# Elton John - I Can't Steer My Heart Clear Of You

Tom: G  
Intro: Ab Gb Ab Gb

Ab Gb  
Take me for granted, I think that I could stand it  
Db  
After all these rough seas  
Ab  
Left me reckless and abandoned  
Gb Db  
Say the spirits willing, chance a new beginning  
B  
Break down the cold front  
A  
Give me peace and understanding  
Dbm Abm  
And you wait, and you wonder  
A E  
Will she still beat the drum and bring the thunder  
B Dbm Dbm  
Will she still be the star to see me through

A Am7 Am  
'Cause I can't steer my heart clear of you  
E D  
No I can't steer my heart clear of you  
C G Am Am  
It's the way it's been, ever since you sailed  
C B B7  
Out of a storm and into view  
Em Em C  
And should I drift away, the compass holds the clue  
Ab  
You control the weather  
Bb C  
And I can't steer my heart clear of you  
A  
Make me your penance, show me your innocence  
Everything is history  
From the aching to the pleasure  
We enjoy the torture, the slow pain that it taught us  
Everything gets twisted  
Let me burn or bring me water

## Acordes
