In neon, in neon

Pictures and patterns, the touches of glamour  
Cut into a fashion that flashes above them in neon  
A hot cup of coffee held in her fingers  
A perfect complexion that lingers above her in neon

She hates how she feels but she hangs like a mirror  
Maybe a stranger could walk in and see her in neon  
For a shot at the title, she'd slip into something  
She'd smoulder like ashes if it meant she might wind up in neon
