

Elton John - Never Gonna Fall In Love Again

Tom: G

Intro: D Gm A D Am E G G A

I'm never gonna fall in love, again. (1: repeat intro, 2: see below)

Never meant to be so friendly. Never made the room look nice.

Never heed a word of warning. Never take my own advice.

I got a brand-new problem - pretty and she's 5 foot 10.

I been in love three times this week - I'm just about to fall again.

CHORUS:

I don't want to fall in love. Never gonna fall in love, again.

I don't want to fall in love. Never gonna fall in love.

Never meant to be so sexist. It's so hard to overcome.

Trying hard to fight the feeling - lechery can be such fun.

Cuz everywhere there's lots of foxes, and every cat I meet's a tom.

I wish she didn't make me rabid. I wish she wouldn't turn me on.

{Repeat Chorus, then Intro with following new ending:}

Gm D A Am G Gm D E E G A D
