

# Elton John - Slave

Tom: G

<sup>G</sup>  
 There's a river running sweat right through our land  
 Driven by a man with a bullwhip in his hand  
 And I've taken just as much as I can stand

<sup>G</sup>  
 Oh we've got to free our brothers from their shackles if we  
 can

Most nights I have to watch my woman cry  
 Every day I watch the colonel smile  
 His painted ladies riding in from town

I swear one day I'm gonna burn that whore house to the ground

<sup>Em</sup> <sup>C</sup>  
 Slave, slave

<sup>G</sup> <sup>D</sup>  
 To fight the violence we must be brave

<sup>C</sup> <sup>Em</sup> <sup>C</sup>  
 Hold on strong to the love God gave  
<sup>Em</sup>  
 Slave

There's a rumour of a war that's yet to come  
 That may free our families and our sons  
 It may lay green lands to barren wastes  
 The price of release is a bitter blow to face
