

# Elton John - You Got To Love Someone

Tom: Eb

You can win the fire  
 You can grab a piece of the sky  
 You can break the rules  
 But before you try

You gotta love someone  
 You gotta love someone

You can stop the world  
 Steal the face from the moon  
 You can beat the clock  
 But before high noon

You gotta love someone  
 You gotta love someone

Ponte:

You've got one life with a reason  
 You need two hearts on one side  
 When you stand alone, and there's no-one left

To share the way you feel inside  
 And baby...

You can shoot the devil  
 And slice a piece of the sun  
 Burn up the highway  
 But before you run

You gotta love someone  
 You gotta love someone

When you're gonna play with fire  
 You let someone share the heat

When you're on your own, and there's no-one left

To cool the flames beneath your feet  
 And baby...

You can win the fire  
 You can grab a piece of sky  
 You can break the rules  
 But before you try

You gotta love someone
