

Elton John - You Got To Love Someone

Tom: Eb

You can win the fire
 You can grab a piece of the sky
 You can break the rules
 But before you try

You gotta love someone
 You gotta love someone

You can stop the world
 Steal the face from the moon
 You can beat the clock
 But before high noon

You gotta love someone
 You gotta love someone

Ponte:

You've got one life with a reason
 You need two hearts on one side
 When you stand alone, and there's no-one left

To share the way you feel inside
 And baby...

You can shoot the devil
 And slice a piece of the sun
 Burn up the highway
 But before you run

You gotta love someone
 You gotta love someone

When you're gonna play with fire
 You let someone share the heat

When you're on your own, and there's no-one left

To cool the flames beneath your feet
 And baby...

You can win the fire
 You can grab a piece of sky
 You can break the rules
 But before you try

You gotta love someone
