Verso 2:
                                                               Out of those chains, those chains that bind you
What do you get when you kiss a guy?
                                                                                C7

                                                               That is why I'm here to remind you
You get enough germs to catch pneumonia.
                                                               Verso 6:
              D
                          D7
After you do, he'll never phone you.
                                                               What do you get when you fall in love?
                                                                                      Bb7
                                                               You only get lies and pain and sorrow.
Gm7 C7
I'll never fall in love again.
                                                                                 D
                                                               Am7
                                                                                      D7
                                                               So, for at least until tomorrow,
I'll never fall in love again.

Verso 3:
                                                               Gm7 C7
                                                               I'll never fall in love again.
Don't tell me what is all about,
                                                               Gm7 C7
                                                                                      Bb7 F
'Cause I've been there and I'm glad I'm out,
                                                                                  C7
                                                               I'll never fall in love again.
Out of those chains, those chains that bind you
                                                               Intro: 4x
