

Elvis Presley - Fo'l Time Sake

Tom: C

C
 Before you go - walk out on me
 C7
 Take a look around tell me what you see
 C
 Here I stand - like an open book
 C7
 Is there something here you might have overlooked
 G
 It would be a shame if you should leave
 Dm
 C
 And find that freedom ain't what you thought it would be
 The years we had - were not all bad
 In fact I know the good outweighed the bad
 Now you say - that you've grown tired
 You want to be by yourself a while

It would be a shame if you should go
 And find that freedom was a long time ago
 F
 Am
 I know that you can't stand the chains that bind you
 Dm
 G
 C
 They just keep on drivin' us apart
 F
 G
 Em
 Am
 You could go where I could never find you
 F
 Em
 Am
 Dm
 G
 But could you go far enough to get away from your heart
 So one more time, for ol' times sake
 Come and lay your head upon my chest
 Please don't throw this moment away
 We can forget the bad and take the best
 If you don't have nothing left to say
 Let me hold you one more time for ol' times sake, yeh if you
 don't have nothing left..
