

# Elvis Presley - Forget Me Never

Tom: G

If I should go, forget me never  
 Please say that you'll remember me  
 I pray the dreams we share together  
 Will shine on in your memory

Each time a star falls out of heaven  
 It leaves the sky a deeper blue  
 So if we part, forget me never  
 And don't forget my love for you  
 And don't forget my love for you
