

Elvis Presley - How The Web Was Woven

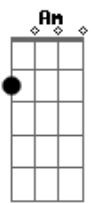

Tom: G
 Intro: G
 How the web was woven
 In my soul, don't you know
 How the web was woven
 Can't Get loose, Can't let Go
 Like the weave of a spider
 Wound around my heart
 I'm no lonGer free

At last I'm where you want me
 Don't you know, that's where, where I want to be?
 SpinninG 'round like a blue fly
 ThouGhts of you fill my head
 And no matter, oh how I try
 I Can't sleep in my bed
 I've been round for the last time
 Oh, Girl, what Can I do?
 That's how the web was woven,
 How I fell in love, fell in love with you
 I've been round for the last time
 Oh, Girl, what Can I do?
 That's how the web was woven,
 How I fell in love, fell in love with you
 That's how the web was woven,
 How I fell in love, fell in love with you
