

# Elvis Presley - Like a Baby

Tom: E  
Intro:

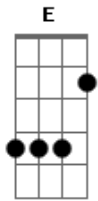

You gave me love to enjoy  
Like a bright shiny toy to a baby  
No matter what you would do  
I depended on you like a baby

One thing I know I love you  
Yes I loved you like a baby

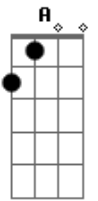

It was a fool that you took  
And I think cause you look like a baby  
To lover's ways I was blind  
Cause I just had a mind like a baby

You're just a flirt  
And I had to be her guide like a baby

00u00u00u00  
00u00u00u00  
00u00u00u00

I need you so, I need you so

The day I found I am alive  
Then I broke down and cried like a baby  
Well it was then I could see  
You were playing with me like a baby

Well you can bet that some day  
I'll forget just like a baby
