

Elvis Presley - Lonesome Cowboy

Tom: F

I am just a lonesome cowboy
 And I'm travelling all alone
 I ain't even got a nickel
 To call my baby on the phone
 F
 Just beyond the mountain lies a city
 F
 And I hear it calling me
 F
 Saddle up and ride you lonesome cowboy
 F Dm
 Here is where you'll find your destiny
 F
 In my dreams the lights shine bright and pretty
 F
 Near to me and yet so far
 F
 Will I always be a lonesome cowboy
 F Dm
 Am I only reaching for a star

Bb Bdim F

Ride, ride along cowboy
 Dm Dm7 Dm7 G Gm7 C7
 Sing, sing your song, cowboy

F
 Will I ever leave this lonesome valley
 F
 Really see the lights that shine
 F
 Gotta find what lies beyond the mountain
 F Dm
 Gotta rope and tie that dream of mine

I am just a lonesome cowboy
 And I'm travelling all alone
 If you don't call me baby
 Then I'm never coming home
