

# Elvis Presley - My Boy

Tom: D

You're sleeping son, i know  
 But really, this can't wait  
 I wanted to explain  
 Before it gets too late  
 For your mother and me  
 Love has finally died  
 This is no happy home  
 But God knows how i tried  
 Because you're all i have,  
 My boy  
 You are my life, my pride,  
 My boy  
 And if i stay  
 I stay because of you,  
 My boy  
 I know it's hard to understand  
 Why did we ever start  
 We're more like strangers now  
 Each acting out a part  
 I've laughed, i've cried  
 I've lost every game  
 Taken all i can take

But i'll stay here just the same  
 Because you're all i have,  
 My boy  
 You are my life, my pride,  
 My boy  
 And if i stay  
 I stay because of you,  
 My boy  
 Sleep on, you haven't heard  
 A word  
 Perhaps it's just as well  
 Why spoil your little dreams  
 Why put you through a hell  
 Life is no fairy tale  
 And one day you will know  
 But now you're just a child  
 I'll stay here abd watch you grow  
 Because you're all i have,  
 My boy  
 You are my life, my pride,  
 My boy  
 And if i stay  
 I stay because of you,  
 My boy ...
