

Elvis Presley - Solitaire

Tom: C

^C
There was a man, - a lonely man.
^G Who lost his love, - thru his indifference
^C A heart that cared - that went unshared
^G Until it died - within his silence

^C
And solitaire is the only game in town
^{Am} And every road that takes him, takes him down
^{Dm} While life goes on around him everywhere
He's playing solitaire.
^C And keeping to himself, begins to deal
^{Am} And still the king of hearts is well concealed
^{Dm} Another losing games comes to an end
And deals them out again

^C A little hope - goes up in smoke
^G Just how it goes, - goes without saying

^C There was a man, - a lonely man
^G Who would command - the hand he's playing
^C And solitaire is the only game in town
^{Am} And every road that takes him, takes him down
^{Dm} While life goes on around him everywhere
He's playing solitaire.

^C And keeping to himself, begins to deal
^{Am} And still the king of hearts is well concealed
^{Dm} Another losing games comes to an end
And deals them out again

^C And solitaire is the only game in town
^{Am} And every road that takes him, takes him down
^{Dm} While life goes on around him everywhere
He's playing solitaire.
