

Elvis Presley - Talk About The Good Times

Tom: C

Well I remember^C when I was just a children^F

The time the people used to treat their neighbors like a fellow man^G

And all their singin'^C and big prayer meetin's^F

When a man was proud to walk up and shake on his neighbors' hand^{C7}

Oh you talk about the good times^F

Talk about the good times^C

Oh if you ever needed help a friend was there^{D7}

Some good neighbor help lift your burden^F

Hmm, and the simple joys of life a friend would share^G

Times are harder and the people are changin'^C

Now most folks couldn't tell ya who their neighbors are^C

All the guns are loaded the front doors are bolted^F

Ain't this old world takin' hate and fear just a little too^{C7}

far

Oh you talk about the good times^F

Talk about the good times^C

I wish I could go back to the days I'm speakin' of^{D7}

When a friend would meet you and a smile would greet you^G

What this old world needs now is a little old fashioned love^C

My granddaddy God rest his soul now^C

Well we had a big long talk together the day he died^F

Said son this world is so full of hate and venom^C

And I can't wait to leave this ol' place and rest on the other side^F

Oh you talk about the good times^C

Talk about the good times^C

Well I'm gonna see all the friends I knew in the good old days^{D7}

We'll have a big hand shakin' and sit and talk together^F

Sit down by the river Jordan and sing our blues away^G

Acordes
