

Elvis Presley - Way down

Tom: C

^C
Babe, you're getting closer
The lights are goin' dim
The sound of your breathin'
Has made the mood I'm in

^F
All of my resistance
Is lying on the floor

^C
You're sending me to places
^G ^C
I've never been before

^G
Ooh, and I can feel it,
Feel it, feel it, feel it

^C
Way down where the music plays
^G

Way down like a tidal wave
Way down where the fires blaze

^F ^C ^F ^C
Way down, down, way, way on down

Ooh, my head is spinnin'
You got me in your spell,
A hundred magic fingers
On a whirling carousel

^F
The medicine within me
No doctor could prescribe

^C
Your love is doing something
^G ^C
That I just can't describe

^G
Ooh, and I can feel it,
Feel it, feel it, feel it

^C
Way down where the music plays
^G

Way down like a tidal wave
Way down where the fires blaze

^F ^C ^F ^C
Way down, down, way, way on down

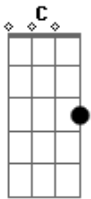

Hold me again,
Tight as you can
I need you so,
Baby, let's go

^G ^C
Way down where it feels so good
^G

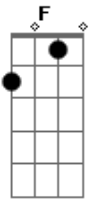

Way down where I hoped it would
Way down where I never could

^F ^C ^F ^C
Way down, down, way, way on down
