

# Elvis Presley - Way down

Tom: C

**C**  
Babe, you're getting closer  
The lights are goin' dim  
The sound of your breathin'  
Has made the mood I'm in

**F**  
All of my resistance  
Is lying on the floor

**C**  
You're sending me to places  
**G** **C**  
I've never been before

**G**  
Ooh, and I can feel it,  
Feel it, feel it, feel it

Way down where the music plays **C**

Way down like a tidal wave **G**  
Way down where the fires blaze

**F** **C** **F** **C**  
Way down, down, way, way on down

Ooh, my head is spinnin'  
You got me in your spell,  
A hundred magic fingers  
On a whirling carousel

**F**  
The medicine within me  
No doctor could prescribe

**C**  
Your love is doing something  
**G** **C**  
That I just can't describe

**G**  
Ooh, and I can feel it,  
Feel it, feel it, feel it

Way down where the music plays **C**

Way down like a tidal wave **G**  
Way down where the fires blaze

**F** **C** **F** **C**  
Way down, down, way, way on down

Hold me again,  
Tight as you can  
I need you so,  
Baby, let's go

**G** **C**  
Way down where it feels so good **G**

Way down where I hoped it would  
Way down where I never could

**F** **C** **F** **C**  
Way down, down, way, way on down
