EM **F**
 Oooh, we can make the morning if we try
EM **F**
 Girl, we can make the morning you and I

Loneliness is darkness' first companion
 Spend the night alone and faith may bend
 Share it all and see how fear starts fading
 Chase away the shadows with a friend
 Dawn's elusive light is just beginning
 Now the day can push away the night
 Dreams can make the sun feel much brighter
 Hope creates a foothold for the light
 It's a long, long lonely night
 We can make the morning if we try
 It's a long, long lonely night
 We can make the morning if we try
 Girl, we can make the morning you and I, Oh
 Together
 It's a long, long lonely night
 We can make the morning if we try
 It's a long, long lonely night
 We can make the morning if we try
 It's a long, long lonely night
 We can make the morning if we try
