tom:

Intro: E A Am

[Primeira Parte]

One computer, fuzzy blanket

Moldy food, one-person banquet

Hear the laugh in every picture

Polaroid that I've got hangin' over

..The piano that I can't play 'cause

..I'm too depressed today

And my neighbors' screams are deafenin'?

So I've got the music blastin'?

Feel the skin, the floor

The matches light the candle

Hope it passes, smell the

..One plant I can't believe I kept alive

This must be what victory tastes like

[Refrão]

..Floating away like I'm a kite

..Reminding myself I'm still alive

..Try not to panic every night

One, two, three, four, five

[Segunda Parte]

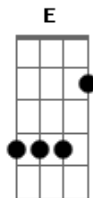

?Now I've learned all of my senses

I'm a sittin' duck, defenseless

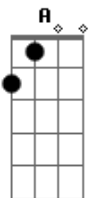

And I'm focused on attent

God, this song is so pretentious, ah-ah-ah

Or join a pyramid scheme? (0oh)

..Whatever the hell that means, oh

..Nobody's loved you much tonight

..Only the mirror tells me I'm fine
