

Emblem3 - Reason

Tom: **G**

I'm singing songs **Em** downtown at the corner bar,
G
 Only friend I know is this damn guitar,
C
 No woman does exist for me
B
 No woman satisfies my needs!
Em
 I cross these streets, a must at sound
G
 Call me up, I'm always around
C
 Echo effects through the empty town
B
 And the radio is up, then you know that
 We're gonna get...
Em **G** **C-B**
 Down, down, down, down!
Em **G** **C-B**
 Down, down, down, down!

Chorus:

Em **G** **C**
 I say you are all I want tonight
B **Em**
 I say you are all I need yeah
G **C** **B**
 My world it turns to see your smile,
Em **G**
 You're giving me a reason, reason, reason (yeah)
C **B**
 You're giving me a reason, reason, reason (yeah)

Em

You now it's hard out here for you boy!
G
 I tried to make money while I try to make noise
C
 I swallow all my pride, I try to get by
B
 My talk is cheap, so my tongue is tied!
Em
 I am the opposite of mellow
G
 Sippin' on a Red bull
C **B**
 Angel on my right, on the left is the devil
Em
 Hello, hello? Can you hear me sing?
G **C** **B**
 I forgot how to speak in the 'midst of all the pain.
Em **G** **C**
 I'm walking through the fire, fire, fire, fire, fire (yeah)
B **Em**
 I'm walking through the flames
G **C** **B**
 I'm walking through the flames

(Chorus)

Em **G** **C** **B** (2x)

Em **G** **C**
 Wake up, wake up, wake up Sleeping Beauty
B **Em** **G** **C** **B**
 Now open your eyes! Open your eyes! Yeah!

(Chorus)

Em - Last strum

Acordes
