

# Emblem3 - Spaghetti

Tom: Bb  
Intro: Bb F Gm Ebm

I don't need to be impressive, I don't need to run the game  
I don't want to keep on chasing, maybe I'll just go my way  
Ayeee ee ayee ee everything's gonna be alright, alright  
I don't need no bumpin music, all I need is my guitar  
I don't need no late night cruisin, I don't even got a car  
Like ayeee ee ayee ee everything's gonna be alright, alright  
I wanna lay low, not just cause I'm broke  
I wanna stay home and have a kick back, tonight.  
Sorry not sorry, am I, I, I?  
So let's ditch the party and call everybody  
And we'll make spaghetti and it'd be all ready  
Ayeee ee ayee ee everything's gonna be alright, alright,  
tonight...  
So don't fear tomorrow, let that be the motto  
And just pass the bottle and we'll make it hotter

Like ayeee ee ayee ee everything's gonna be alright, alright  
I don't need no Debby downer, I just wanna keep my buzz  
I don't wanna no melodrama, I don't gotta trip because  
Ayeee ee ayee ee everything's gonna be alright, alright  
I wanna lay low, not just cause I'm broke  
I wanna stay home and have a kick back, tonight.  
Sorry not sorry, am I, I, I?!  
So let's ditch the party and call everybody  
And we'll make spaghetti and it'd be all ready  
Ayeee ee ayee ee everything's gonna be alright, alright  
So don't fear tomorrow, let that be the motto  
And just pass the bottle and we'll make it hotter  
Like ayeee ee ayee ee everything's gonna be alright, alright,  
tonight...  
Hooohoo, tonight, tonight, tonight...

## Acordes
