

Emblem3 - Tequila Sunrise

Tom: Gb
Intro: (Ebm Db B Bb)

I'm so mesmerized, caught up in the eye of a
tropicana sunrise aloha to the world, swimming in a color
swirl
dreaming of a bright eyed girl who's got
Turquoise pearls, seductive eyes
Kiss my lips, pull me in like a riptide, yeah...

You are blinded by the all knowing, iluminati eye
I have one question for you God and that is why
I said why Eve, why Eve, why Eye, whyd you eat the fruit?
Why Eve, why Eve, why... Why oh why oh why...

Look at that Tequila Sunrise, that Tequila Sunrise
Look at that Tequila Sunrise, burning, burning, burning...
In the distance, can't you see? Oh can't you see.

Intro: I sailed across the earth in search of humble head
Bermuda was a gamble so I played my card and I won the best
I never underestimate what ancient stories teach you, I

lost the world but gained a man, thanks to Machu Picchu,
i'm...

Blinded by the all knowing, iluminati eye
I have one question for you God and that is why
I said why Eve, why Eve, why Eye, whyd you eat the fruit?
Why Eve, why Eve, why... Why oh why oh why...

Look at that Tequila Sunrise, that Tequila Sunrise
Look at that Tequila Sunrise, burning, burning, burning...
In the distance, can't you see? Oh can't you see.

Hieroglyphic images are painted on the wall, yeah
Yeah... Miss Cleopatra in love I fall (2x)

Blinded by the all knowing, iluminati eye
I have one question for you God and that is why
I said why Eve, why Eve, why Eye, whyd you eat the fruit?
Why Eve, why Eve, why... Why oh why oh why...

Look at that Tequila Sunrise, that Tequila Sunrise
Look at that Tequila Sunrise, burning, burning, burning...
In the distance, can't you see? Oh can't you see.
