

Emei - That Girl

tom:

C

[Riff 1]

[Riff 1]

She wakes up right before
Her alarm goes off
Takes herself on a daily walk
Seventy degrees with a light breeze
Drinks coffee, black
And she leaves her phone at home
Reading poetry on the coast
Finding inner peace, yeah, I'm tryna be

[(Riff 1/Pré-Refrão)
That girl with the perfect hair
And that girl doesn't really care
And somehow, everything goes right
For that girl, that girl
Wanna be that girl

[Refrão]

When I'm ^E running late I dent my car
And I'd ^C call you but
My phone's not charged
Yeah, I'm ^G just that girl who tries like
^B Way too damn hard

And I ^E maxed out all my credit cards
^C Tryna play dress-up to look the part
Now I'm ^G just that girl who tries like
^B Way too damn hard
^E That girl (na-na, na-na, na-na)
^C That girl (na-na, na-na, na-na)
^G That girl (na-na, na-na, na-na)
^B That girl (na-na, na-na, na-na)

That girl, that girl, wanna be that girl
(My phone just died ? no!)

[Riff 1]

I wake up, grab my phone, it's 2 PM
Shit, I missed my alarm again
Mascara stains on my pillowcase
Yesterday's styrofoam as my coffee cup
People texting me: Are you up?
Yeah, I've been in meetings for hours
Worked out, took a shower, I'm

[(Riff 1/Pré-Refrão)

And that girl doesn't really care
And somehow everything goes right
For that girl, that girl
Wanna be that girl
