

# Emery - A Sin To Hold On To

G tom:

When I saw you walking by  
 I could not believe my eyes  
 Underneath the city lights  
 Reflecting all your curves just right  
 Can I have your attention for a moment?  
 I just need to say something  
 If you've got the time  
 Then I've got the reason for the sin  
 If you've got the time  
 Then I've got the reason for the sin  
 ( B Db Eb Bb )

Have you been looking out?  
 Have you been watching my back?  
 My patience is running out and I  
 Can't seem to stay on the right track  
 Your wanting eyes keep me coming back  
 For more and more each time  
 Let's get this right

Cause there is no second chance after tonight  
 There is no second chance after tonight

I know you've got it in you, won't you let it out (Let it out)?  
 Dig a little deeper and I know you'll find strength inside  
 If we could be the ones to hold on (To stay strong)  
 Then maybe we can make a difference in somebody's life (In somebody)

[Segunda Parte]

I won't be part of the riot  
 I won't be part of the revolution  
 You think you're keeping us quiet  
 We're not the problem  
 But we are the solution

Let's get this right  
 Cause there are no second chances

I know you've got it in you, won't you let it out (Let it out)?  
 Dig a little deeper and I know you'll find strength inside  
 If we could be the ones to hold on (To stay strong)  
 Then maybe we can make a difference in somebody's life (In somebody)
